Commissioner for Patents

**NOTICE OF NON-RESPONSIVE AMENDMENT**

Applicant's response filed April 4, 2007 to the requirement for restriction/election dated February 23, 2007 has been received and entered into the present application. Applicant states the election of Group I (claims 64-70 and 83-86), directed to a method for delivering an anionic molecule into a cell comprising a compound classified in class 514, subclass 509, and the election of "DMRIE carboxylate propyl amide" as exemplified in Example 3 of the instant specification.

However, Applicant's election fails to comply with the requirements set forth at pages 6-9 of the requirement for restriction/election dated February 23, 2007 for the following reasons:

- (1) Applicant's election of the specie "DMRIE carboxylate propyl amide" as exemplified in Example 3 is non-compliant because Example 3 is, in fact, directed to multiple DMRIE species, i.e., DMRIE-Ox propyl amide, DMRIE carboxylate (methionine-methyl ester) amide, DMRIE carboxylate (methionine-leucine-methyl ester) amide and DMRIE carboxylate (methionine-leucine-phenyl-alanine-methylester) amide. Accordingly, it is not clear which single disclosed specie of DMRIE Applicant intends to elect for examination on the merits; and
- (2) Applicant has also clearly failed to identify the claims that are readable on the elected species as required at pages 8-9 of the previous Office Action.

Applicant is advised that a proper response to this reply will reiterate the group elected for examination and clarify the single disclosed specie of DMRIE compound elected for examination on the merits. Note also that Applicant is required in reply to this notice to provide a statement of the claims readable on the elected invention. Failure to comply with these instructions will again render the reply non-compliant.

Since the above-mentioned response appears to be a bona fide attempt to reply, Applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction, as well as a proper response to the previous Office Action, in order to avoid abandonment. Extensions of this time period under 37 C.F.R. 1.136(a) are available.

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Leslie A. Royds, whose telephone number is (571)-272-6096. The Examiner can normally be reached Monday through Friday, 9:00 AM to 5:30 PM. If attempts to reach the Examiner by telephone are unsuccessful, the Examiner's supervisor, Ardin H. Marschel, can be reached on (571)-272-0718. The fax phone number for the organization where this application or proceeding is assigned is (571)-273-8300.
